Thanks, David. I believe I spoke with Mr. Patterson in the past as well. Has he been in touch with you since Dana's note?

FYI, I have spoken with Mr. Patterson in the past. He seems to prefer to go directly to Headquarters.

Mr. Patterson,

Thanks for sharing additional information with me regarding the situation at Treasure Island. As we have discussed in the past, at Headquarters, I am not often in the position to assist directly on site-specific issues. However, I wanted to provide the following contact information in case you want to contact folks in our Regional office or in the State.

My main point of contact in our Region 9 office is David Stensby. His phone number is (415) 972-3246, and I have copied him on this response so you have his e-mail address.

The California Department of Public Health (Rad.) contact information is:

CDPH
Mr. Steve Woods
1500 Capitol Avenue
Mailing Address:
MS 7600
P.O.Box 997377
Sacramento, CA 95899-7377
Phone: (916) 440-7259
Email: TreasureIslandQuestions@cdph.ca.gov

There is a great website <http://sftreasureisland.org/united-states-navy-information> that has even more information, including detailed contact information for all agencies, including EPA (me). It also lists the Treasure Island Development Authorities' Cleanup Hotline (415) 487-4841

The DTSC (lead agency) Project Manager is Remedios (Medi) Sunga phone: (510) 540-3840 email: Remedios.Sunga@dtsc.ca.gov. The lead Navy Project Manager is Keith Forman keith.s.forman@navy.mil Phone: (415) 308-1458.

I hope one of these contacts will be able to provide additional info to you as needed. - Dana
